

HOW WOULD YOU DEVELOP THE AREA SURROUNDING MIKKOLA?

Please read these instructions and fill in the form on the other side.

Ideas can be submitted in Finnish, Swedish or English.

Please note the following:

- The idea must be related to the development of the immediate surroundings. We hope that it increases the area's attractiveness, wellbeing or sense of community. The idea can be a small change in the area or an activity.
- The idea must be related to outdoor areas on city-owned land in Havukoski, Länsimäki or Mikkola. The city's outdoor areas consist of streets, parks, exercise areas and the yards of schools and day care centres.
- The available amount of money is EUR 50,000/area — however, the cost of one idea cannot exceed EUR 35,000.
- It must be possible to implement the idea in 2022, and any maintenance costs must be reasonable.
- The idea must fall under the jurisdiction of the city and comply with all safety requirements.
- The idea cannot be related to regular maintenance.
- Koivutori and the yards of the Länsimäki and Mikkola schools are developed as part of other initiatives, so no money will be allocated to those areas in participatory budgeting. However, it's possible to organise activities in these places.
